

HAIR TRANSPLANTATION (FUE)

Is a proven, minimally invasive process in which follicular unit graft (consisting of a small number of hair follicle) are individually removed from a stronger scalp area and artistically restored to thinning or bald area.

IT IS AS SIMPLE AS 1-2-3

- 1. HAIR EXTRACTION PHASE:** hair follicles are extracted one by one from the donor area using specifically designed, motorized FUE machine.
- 2. THE FOLLICLES** are then kept at a special environment (*specific temperature and solution*) that enhances their development.
- 3. RE-IMPLANTATION** occurred into the bald region in a way that depth, direction and angle of the each graft placement *ensure natural result and maximum viability.*

After

PRP (PLATELET RICH PLASMA)

PRP is an autologous concentrated preparation of platelet and the associated growth factors in a small volume of plasma.

These growth factors are regeneration-promoting signaling molecules. These molecules are shown to regulate the healing cascade and cell proliferation.

PRP technique is simple, safe, fast, convenient and patient friendly.

We offer:

1. PRP enhanced **face lift**
2. PRP enhanced **facial with expanded microneedling dermaroller** (*refresh, fine wrinkles, aged skin, mild acne scar, hyperpigmentation*)
3. PRP **Hair Restoration**
4. PRP **Hand Rejuvenation PRP Scar Rejuvenation**

SCALP MICROPIGMENTATION

A new technique that makes you look younger, attractive, fashionable, and look realistic. It is an **Affordable, Safe and Fast** procedure and long lasting. It is a **one day, Non-Surgical solution for hair loss in both MEN and WOMEN.**

It is for:

**Repairing Bad Hair Transplant
Adding Density to Thinning Hair / Scar Camouflage
Treating Hair Loss and Alopecia**

Before

After

HYDRO-DERMABRASION

Detoxify... Rejuvenate... Protect

CLEANS & PEELS

Gently exfoliate and relaxing

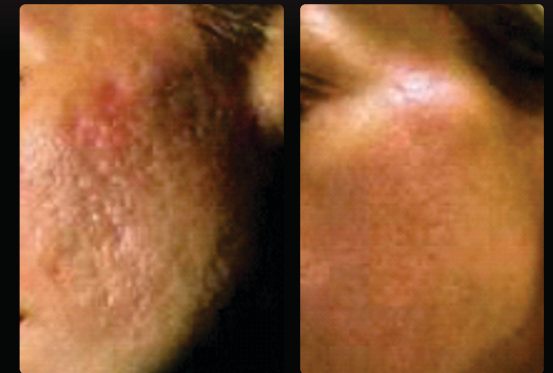

EXTRACT & HYDRATE

Removes debris from pores

FUSE & PROTECT

Fills the skin with antioxidants

It reduces pigmentation, reduces the large pores of oily skin, repairs sun damaged skin and diminishes the appearance of fine lines and wrinkles

Before

After

MESOTHERAPY

Is a Non-Surgical cosmetic medicine treatment. It offers multiple injections of pharmaceutical and homeopathic medication, plant extract, vitamins and other ingredients into the skin and subcutaneous fat. It is also used with Microneedling Demaroller to introduce these products into the skin.

We use it for:

Acne Scars / Face Dyspigmentation (Melasma),
Refreshment / Skin Tightening / Increase Hair Thickening
& Enhance Hair Volume

ULTHERAPY

Is a safe, Non-Invasive, Non-Surgical treatment that is **FDA approved** to improve the appearance of **lines and wrinkles** on the **full face** and **under the eye**.

Its unique role in collagen build up and synthesis helps treating the **décolletage, Jaw Line** and **Double Chin** effectively.

It is a **Non-Surgical Face Lift** and **Double Chin treatment**.
It is one **session only**. **No down time**.
